20% helium cost savings compared to industry standard 18-inch balloons, but only 4% less surface area. More than \$400 of additional balloon sales.* More than 100 HeXL® balloons per helium tank industry average*.

25% smaller. Save up to \$0.50 in helium per balloon.

holographic

Holographic films produce beautiful, eye-catching dazzle with their twinkling patterns and color-enhancing effects.

clear film

Balloons are printed on a clear film.

multi-film

Balloons feature a combination of clear and metalized films.

non-foil

Made of natural latex, also known as caoutchouc, that is harvested from the rubber tree.

Rubber trees remove CO₂ and therefore help to reduce global warming.

Natural rubber latex is a renewable material which is biodegradable.

Highest quality and safety standards ensure that all our latex balloons conform to the EN71 (toy safety) and EN71-12 (Nitrosamines and Nitrosatable Amines) testing.

All our facilities conform with all global ethical and safety standards.

Balloons have excellent helium and air retention, reducing gas permeability.
